VAGINAL DISCHARGE

DESCRIPTION

GINOX is a vaginal wash ready to use intended to be introduced into the vaginal cavity. With its formulation based on hyaluronic acid, hydrogen peroxide, lactic acid and chamomile, it helps to eliminate symptoms consequent to an imbalance of the hydration and/or of the vaginal pH, favoring the maintenance of the natural defenses of the vagina.

The vaginal irrigation may be carried out one or more times per day. It is preferable to apply GINOX before going to sleep.

THERAPEUTIC INDICATIONS

- **Vaginal Dryness:** *Hyaluronic acid hydrates and supports tissue regeneration, relieving dryness.*
- **pH Imbalance:** *Lactic acid helps restore and maintain normal vaginal pH, preventing pathogen overgrowth.*
- **Vaginal Infections:** *Hydrogen peroxide, naturally produced by lactobacilli, has antimi*
- **Postpartum/Procedure Recovery:** *Hyaluronic acid and hydrogen peroxide aid tissue healing and infection prevention after childbirth or surgeries.*
- *Specific for infections caused by Clostridium difficile, Streptococcus pyogenes, E. coli, and Gardnerella vaginalis*
