Food supplement

MADE IN ITALY

ORAL HEALTH

DESCRIPTION

Tonsilbioma is a dietary supplement containing *Lactobacillus salivarius*, *Salvia*, *Thymus*, *Psyllium* and *Sodium alginate*. *Thymus* helps to thin bronchial secretions, while *Salvia* promotes the well-being of the nose and throat.

Shake well before each use.
It is recommended taking 2 puffs 4 times a day

PRESENTATION

10gr of powder spray in bottle with erogator

INGREDIENTS

L. salivarius, Sage, Thyme, *Psyllium*, Sodium Alginate

THERAPEUTIC INDICATIONS

- **Microbiome Restoration:** Rebalances oral bacterial flora to strengthen natural defenses.
- **Soothing Balsamic Relief:** Calms and refreshes the mucous membranes of the nose and throat.
- **Bronchial Fluidifier:** Promotes the elimination of respiratory secretions.
- **Hygienic Protection:** Purifies the oral cavity and creates an active protective barrier.

REGULATORY STATUS

- Free sale certificate
- Notification at Italian Ministry of Health
- Certificate of Origin (at the time of invoicing)
- ISO 9001

PLUS

1 MUCOADHESIVE BARRIER

Creates a protective film that shields the mucosa from pathogen attacks. An innovative physical mechanism of action that surpasses the effectiveness and persistence of standard sprays.

2 MICROBIOME RESTORATION

*Root-cause resolution: thanks to *L. salivarius*, the product rebalances the oropharyngeal microbiome. It goes beyond masking symptoms to address the biological cause of throat vulnerability.*

3 BREAKING THE RECURRENCE CYCLE

Continuous efficacy: the only treatment designed for use even between episodes for proactive prevention. It transforms seasonal therapy into year-round constant protection.

4 ANTI-INFLAMMATORY & SOOTHING ACTION

Natural relief: the combined action of Sage and Thyme provides an immediate anti-inflammatory and soothing effect on the oral cavity. It ensures a long-lasting, fresh, and balsamic sense of well-being.
