

- Restoration of intestinal flora
- Diharrea
- Vomiting
- Gastrointestinal disorders
- Antibiotic therapies
- Abdominal pain or swelling
- Oral rehydration salts (ORS)

Food Supplement

MADE IN ITALY

DESCRIPTION

Idraflor is a food supplement based on **two different sachets**:

- 1 FLOR:** Cornstarch; FOS (Fructooligosaccharides), Saccharomyces Boulardii, Lactobacillus Casei, Lactobacillus Reuterii, Zinc.
- 2 IDRA stick pack:** Water, Aroma, Sodium chloride, Potassium citrate, Citric acid; Sodium citrate, FOS (Fructooligosaccharides), Zinc citrate.

It's indicated in cases of gastrointestinal disorders to rebalance gastrointestinal flora in case of diharrea, vomiting ecc. with an associated action of restoring liquids lost in these conditions.

HOW TO USE

It is recommended to take 1 sachet of Floric and 1 stickpack of Hydro per day.

Flor: dissolve the contents of 1 sachet in a glass of water and dissolve vigorously.

Idra: dilute the contents of a stickpack in water in order to obtain a solution of 100 ml of reconstituted product.

THERAPEUTIC INDICATIONS

- **Diharrea**
- **Vomiting**
- **Gastrointestinal disorders**
- **Oral rehydration salts (ORS)**
- **Gastrointestinal inflammation**
- **Dysbiosis**
